

MG POWER

"Let the world focus its constant attention at the centre of the planetary system where the sun, the supreme power of the universe resides".

Solar Garden Illuminating system can dramatically enhance the beauty of a garden. **MG POWER** offers a complete solution of solar powered garden light designed for adequate lighting, beautification, longer operating hours (up to 12 hrs), quality and reliability. All the limitations of conventional solar garden lights like limited hours of operation, inadequate lighting, inefficient charging and less storage capacity etc are eliminated in **Easy Solar** Garden Light.

Features

- Centralized charging by Solar PV Modules
- Automatic Dusk to dawn controller available
- Attractive and Weather proof luminaries
- Highly efficient charge controller and inverter
- Adequate protections and indications
- Available with SMF battery
- Uses highly efficient bright LED's

Technical Specifications

General

Application	Solar Garden Lighting, Outdoor	
Duty cycle	Dusk To Dawn	
System Voltage	12V DC	
Number of days of autonomy	3 Days	
SPV Module		
Module Type	Mono / Poly Crystalline Silicon	
PV Module	6V - 5 Watt	
Body	High Quality MS Body Weatherproof Luminaries	
Battery		
Battery type	SMF Battery	
Battery capacity	6V 4.5Ah * 2	
pole size	1.0 Mtr Long	
LED Luminous & Size	10mm	1,28,000 Mcd
Number of LED's	8	
Module Mounting Structure		
Mounting Type	Pole Mount	
Material & Finish	Mild steel Galvanized	
Fixing	Pole Mounting
